TREATING EPILEPSY, BRAIN CANCER, AUTISM & COGNITIVE DISORDERS

The biennial Global Symposium is the premier event bringing together hundreds of medical professionals, scientists, trainees and industry to discuss the state of ketogenic therapy research and innovations. This event is the perfect venue to build new connections with experts from around the world and reconnect with colleagues and friends. The symposium is dedicated to improving the lives of people with neurological disorders and is part of a KetoConnect event series initiated by the Los Angeles-based Charlie Foundation.

-  **LEARN ABOUT UNDERLYING MECHANISMS AND GROWING CLINICAL APPLICATIONS**
-  **UNDERSTAND THE DIETARY FACTORS THAT IMPACT BRAIN DISEASE**
-  **EXPERIENCE THE TASTE AND LEARN HOW TO PREPARE KETOGENIC FOODS**
-  **HEAR CUTTING EDGE RESEARCH FROM LEADING SCIENTISTS**
